RE: Response from the Mission Hills Neighborhood Council

Mr. Richard Alarcon:

The Mission Hills Neighborhood Council is requesting your assistance in halting the construction of a 8 ½ foot wall that is currently underway at 10355 Columbus Ave. on an all residential street. We have already submitted a letter to you, with the specific reasons to our opposition to this project on May 24, 2011.

As of today, we have not received an official response from your office, which is frankly quite worrying and at the very least disturbing given the magnitude of the impact that our residents in this neighborhood will endure if this project is not halted immediately. We feel that it is your responsibility to act on this matter with a decisive demeanor in the favor of the majority of residents.

The Mission Hills Neighborhood Council is also requesting that your staff that handles Zoning and Land Use matters immerse themselves in this issue as a directive from your behalf as soon as possible. Our Zoning and Land Use Committee Chair, Jerrilyn Paley could use their assistance in navigating the Office of Zoning Administration.

In conclusion, the MHNC is ready and willing to spend the necessary energy to advocate on behalf of our residents. We are also contemplating to take this matter to the floor of the City Council to ask for a just recourse in this matter. Of course, we hope and trust that your office will help us resolve this matter in a positive for the residents of this neighborhood.

Respectfully Submitted,

David Guzman
President, Board of Governors

Jerrilyn Hayashi
Chair, Zoning & Land Use Committee
