Got information on how to secure matching funds for this community grant. Volunteer efforts may account for matching funding. Assemblymember Felipe Fuentes 3rd Annual Family Resource Fair will be an event to do such outreach. Taking place on Saturday, September 18th, 2009 at Branford Park. A booth will be set up to talk to community folks interested in volunteering time to plant. A project design showing a current view compared to a rendered after image will motivate the community to get involved. Nick Hulea with the assistance from the Arleta Neighborhood Watch Coalition will talk to folks that come to the booth.
